

WHAT IS AN ICEHOUSE

In Texas, former Icehouses are a cultural tradition. Ice merchants diversified old Icehouses to serve beer and create local gathering places. Wayne was captivated by the idea and social feel of the Icehouses and wanted to bring that to his own town of Edmonton. He took the premise and created his own style and version of an “Albertan Icehouse”. Wayne started with the design concept focusing on bringing the beautiful outdoors inside to create a wonderful atmosphere. To create a place where new friends and old can gather and spend quality time together.

Expect something different every night just like the climate changes with every season. Our House is your House!

Welcome to the Rocky Mountain Icehouse.
